**Embrace Comfort
without Compromise**

Experience Better Living

Millions of people around the world enjoy the comfort we bring every day with our range of electric fires. For over 50 years our customers and partners have relied on our people, products and brand, to deliver atmosphere in a safe and sustainable way, with no compromise.

Our track record of bringing innovation, being first in market and opening new categories is driven by our desire to challenge the status quo and find better solutions to provide the comfort and ambience to enhance millions of lives.

A decorative electric fire is the perfect solution when looking for an instant upgrade in any environment, be it a home or a public space. It does not require a chimney or any complicated installation and can be positioned almost anywhere. It simply requires a socket. Decorative fireplaces can elevate the ambience of any space, 365 days per year, as they also deliver heat, but only on demand.

No emissions or unhealthy dust, completely safe and maintenance free.

Sustainability and comfort, without compromise.

2 Year Product Guarantee

Please note that all Dimplex electric fires within this brochure come with our standard 12-month guarantee. To take advantage of the additional 12 months, simply complete the online registration within 28 days of purchase at www.dimplex.co.uk/register or call us on 0344 879 1227 if you do not have access to the internet. Products must be installed in accordance with the manufacturer's instructions and maintained in line with the Terms & Conditions, which are available at www.dimplex.co.uk/terms.

Comfort without compromise

The logo for Optimyst, featuring a stylized flame icon to the left of the word "Optimyst" in a serif font.

The world's most realistic 3D flame effect

Optimyst® is the world's most realistic 3D electric flame effect for those looking for a truly authentic experience, combined with the safety and low maintenance of an electric solution.

Patented by Dimplex, it offers a flame experience that will captivate you from the moment you see it.

This unique flame effect is generated by an innovative combination of water vapour and light.

The logo for Optiflame, featuring a stylized flame icon to the left of the word "Optiflame" in a serif font.

The original & best electric flame effect

Optiflame® is the original Dimplex electric flame effect, and revolutionised the electric fire market when first launched in 1988.

It creates a mesmerising and lifelike flame that provides warmth and ambiance in any room, with complete safety and the peace of mind of a maintenance free electric solution.

Endlessly refined and continually evolving, Optiflame® remains the world's most popular electric flame technology.

FOR20

Fortrose

The Fortrose freestanding electric stove creates the perfect centrepiece in your home and will transform your living space. This electric fire has a clean and contemporary graphite design, while still adding a touch of rustic charm with the result being a beautiful fusion of modern meets classic that is simply breathtaking.

Compatible with stove pipe accessory STP001

 2kW Heat Output	 2 Heat Settings	 Thermostat	 Remote Control
 Logs fuelbed	 Flame effect without heat	 Opening Doors	 Freestanding

BEC20

Beckley

The Beckley Optimyst stove is an eye-catching take on the classic design allowing you to transform your living space with a stunning and iconic centrepiece. The traditional, stylish design of the opening double doors is enhanced by the viewing windows at either side, allowing you to enjoy the realistic Optimyst flame effect from all angles.

Compatible with stove pipe accessory STP001

 2kW Heat Output	 2 Heat Settings	 Thermostat	 Remote Control
 Logs fuelbed	 Flame effect without heat	 Opening Doors	 Freestanding

GOS20

OKT20 Oakhurst

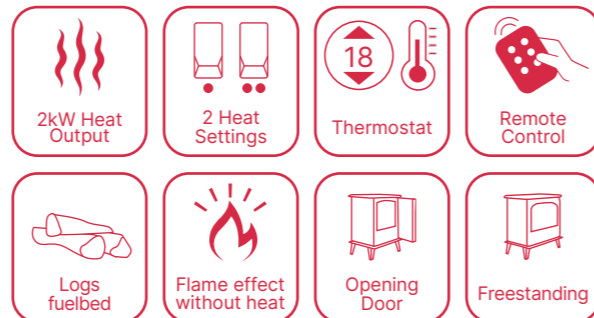

AUB20 Auberry

Gosford

The Gosford is a beautiful electric stove, based on a classic cast-iron design. With a contemporary matt black finish and an opening door; it's a look to suit any interior scheme. The Gosford is a smart alternative to a gas or wood burning stove and is suitable for rooms around the home.

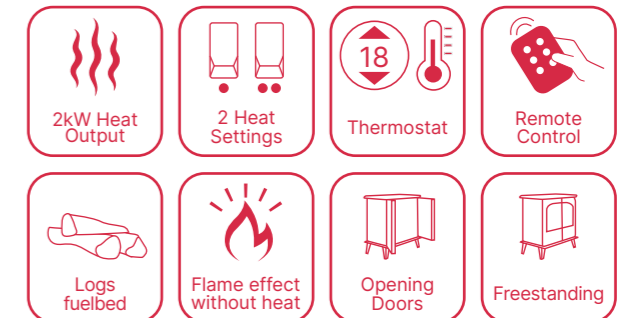

Compatible with hearth pad HPD001.

Oakhurst & Auberry

The Oakhurst and Auberry are medium-sized stoves offering the classic look and feel of a traditional solid fuel fire, with the simplicity and controllability of electric technology. Their size makes them popular with homeowners wishing to create the look and feel of an open fire.

Compatible with hearth pad HPD001.

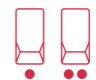

MRB20

Meribel

The Meribel is a large electric stove and has been designed to work in traditional or modern styled homes. With a gentle cream finish, this elegant fire subtly provides comfort and ambience in your home all year round.

 2kW Heat Output	 2 Heat Settings	 Thermostat	 Remote Control
 Logs fuelbed	 Flame effect without heat	 Opening Doors	 Freestanding

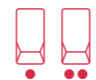

BRC20

Burgate

The Burgate stove is a full sized electric stove in a gloss black finish giving you a truly authentic look and feel to your fire. With Optimyst flame technology, the Burgate is an ideal solution for those seeking a striking large stove style fire for their home.

Compatible with stove pipe accessory STP001

 2kW Heat Output	 2 Heat Settings	 Thermostat	 Remote Control
